

Year 9 visit to Paris

At the beginning of term 6, a group of Year 9 students of French spent a week in Paris.

They visited the famous sights of Paris, including the Eiffel Tower, Notre Dame cathedral, the Sacré Coeur basilica, Montmartre and La Défense, and had a boat trip on the River Seine. On the last full day they relaxed at Parc Astérix theme park.

Here's what Year 9 thought of their Parisian experience:

Paris was really good fun, we had so much fun. The theme park had to be the best day. We had lots of free time and it was really enjoyable. The shopping was really good as well and the shops are all different. But some shops are the same.

The visit to Parc Astérix was really fun because there were lots of things to see and do there. We knew it was safe because we were in the theme park and the teachers weren't far away. We had a small amount of free time which was good because we could do what we wanted.

On the first day we went to France Miniature, the models were bigger than I thought and it was fun. On the second day we went to the Eiffel Tower. For our evening meal we had some lush pancakes.

Parc Astérix was really fun, it's a great theme park. I was really surprised with myself because there are one or two rides which I didn't think I would go on. But as everyone else did in my group I didn't want to wait. The roller coasters were the best. The sight-seeing was really good and interesting like going to the Basilica of Sacré Coeur and the Eiffel Tower. I liked learning about the culture and the French way of life and seeing the Arc de Triomphe and how hectic it is.

I must say that Paris was amazing! The best day ever was going to Parc Astérix. The roller coasters are the best ever! Especially the wooden one. The shopping over there is good as there are loads of designers shops, but it's hard not to bring lots of stuff that you don't need home. Also the view from the Eiffel Tower is amazing! I'm glad that I went because I had a fab 5 days!

When I went to Paris on the 2 -6 June I really enjoyed myself. We went to lots of exciting places like France Miniature, the Eiffel Tower, a boat trip and a theme park and lots of shopping. I mostly enjoyed it because I was with most of my friends and the trip was something different. My favourite part of the trip was going to the theme park because the rides were awesome and the weather was great. Whilst we were at the theme park there was a little dolphin show me and my friends went to see. So that made the day even better. I have also come back with lots of memories and 165 photos!!!!

Going to Paris was great fun, especially Parc Astérix. There were many thrilling rides there and the ice cream was delicious.

Visiting all the sights around Paris was also very interesting. Notre Dame is huge and the Eiffel Tower is higher than it looks.
