# Some quotes from the Yr.6s today

I like our helpers, they are really helpful

I really enjoyed wearing the goggles in Science!

I liked how the teacher encouraged me to work it out when I wasn't sure.

I liked being able to tell people things I already know. Made me feel smart!

I liked watching the older students showing us how to do it and climbing through the strings!

I thought the singers were really talented! I want to do that when I'm in their year.

I like that everyone is really friendly.

I didn't realise France was so close!

I loved the pasta in the canteen and having fun at lunch

# Top Tips on the journey from Y6 to Y7

- Help them stay organised
- Engage in conversations about homework/ classwork
- Celebrate their success
- Expect challenges and failures and reassure them- this is learning
- Talk to the school if you have any concerns
